

**PRE-GRADUATE THESIS SPONSORED BY REINMARK GROUP  
PERIOD 2001-2009**

<b>Nº</b>	<b>THEME</b>	<b>STUDENT</b>	<b>UNIVERSITY</b>	<b>PLACE</b>	<b>TITLE</b>	<b>STATUS</b>
1	Determination of infection time with <i>Ornithobacterium rhinotracheale</i> in commercial layers	Jimmy García Rojas Javier Yalle Alcantara	San Luis de Gonzaga - Ica University	Ica, 2000	Zootechnist and Veterinary Doctor	Sustained
2	Design of a biomolecular technique for identification of <i>Haemophilus paragallinarum</i> isolated from commercial birds	Alfredo Mendoza Espinoza	San Marcos National University	Lima, 2001	Pharmacist	Sustained
3	Effect of a biomodulator over the piglet performance during lactation	Jair Sánchez Miller	Pedro Ruiz Gallo National University	Lambayeque, 2002	Veterinary Doctor	Sustained
4	Serological evaluation of <i>Actinobacillus suis</i> in pigs of technical nursing	José Diaz Romero	Alas Peruanas University	Lima, 2002	Veterinary Doctor	Sustained
5	Microwave oven in sterilization of cotton fiber materials	Guillermo Risco Goicochea	Alas Peruanas University	Lima, 2002	Veterinary Doctor	Sustained
6	Biodegradator of organic material in faeces of commercial laying hens	Paola Güimac Tapia	Alas Peruanas University	Lima, 2003	Veterinary Doctor	Sustained
7	Evaluation of a entomopathogenic protoxin of <i>Bacillus thuringiensis</i> upon dorbeetle ( <i>Alphitobius diaperinus</i> ) in commercial layer hens	Jhonn Chinga Paz	Alas Peruanas University	Lima, 2003	Veterinary Doctor	Sustained
8	Effect of a natural no nutritional additive upon the productive, immunological status and haematological biochemistry in turkeys	Karen Zumaran Miranda	Alas Peruanas University	Lima, 2003	Veterinary Doctor	Sustained
9	Effect of the use of a natural additive upon productivity of quails ( <i>Coturnix coturnix japonica</i> )	Margareth Tapia Loo	Alas Peruanas University	Lima. 2003	Veterinary Doctor	Sustained

**PRE-GRADUATE THESIS SPONSORED BY REINMARK GROUP**

**PERIOD 2001-2009**

<b>Nº</b>	<b>THEME</b>	<b>STUDENT</b>	<b>UNIVERSITY</b>	<b>PLACE</b>	<b>TITLE</b>	<b>STATUS</b>
10	Effect of a natural nutritional additive upon the productive, immunological and physiological status of broiler chickens	Hilda Valencia Robles	Alas Peruanas University	Lima, 2003	Veterinary Doctor	Sustained
11	Influence of marine algae in the physiological, immunological and productive status in commercial layer hens reared in batteries	Zoila Coloma Adaniya	Alas Peruanas University	Lima, 2003	Veterinary Doctor	Sustained
12	Effect of a biomodulator over the sow progenie	Freddy Haro Espinoza	Alas Peruanas University	Lima, 2004	Veterinary Doctor	Sustained
13	Use of a natural insecticide to control fleas in guinea pigs ( <i>Cavia porcellus</i> ) in Lurin	Guisella Silva	Alas Peruanas University	Lima, 2007	Veterinary Doctor	Sustained
14	Molecular characterization of a phospholipase of <i>Campilobacter jejuni</i> isolated in broiler chickens	Karim Jiménez Aliaga	San Marcos National University	Lima, 2007	Pharmacist	Sustained
15	Purification of Ochratoxine A for its detection in Paprika P ( <i>Capsicum annum L</i> )	Karina Mendoza Arias	Alas Peruanas University	Lima, 2008	Veterinary Doctor	Sustained
16	Comparative effectiveness in vitro between a natural disinfectant and a chemical disinfectant (Quaternary ammonium and glutaraldehyde)	Heidi Altez Zuazo	Alas Peruanas University	Lima, 2008	Veterinary Doctor	Sustained
17	Isolation and biochemical typification of <i>P. multocida</i> and <i>Gallibacterium anatis</i> isolates in production birds with respiratory symptoms	Gonzalo Castillo Angulo	Alas Peruanas University	Lima, 2008	Veterinary Doctor	Sustained
18	Evaluation of an immunomodulator in broiler chickens	Christian Domínguez Gallet	Alas Peruanas University	Lima, 2009	Veterinary Doctor	In process
19	Evaluation of the immunostimulant effect of a natural product in dogs in Lima	Carlos Rojas Diaz	Alas Peruanas University	Lima, 2009	Veterinary Doctor	In process

**TESIS POST-GRADUATE THESIS SPONSORED BY REINMARK GROUP**

**PERIOD 2001-2009**

<b>Nº</b>	<b>THEME</b>	<b>STUDENT</b>	<b>UNIVERSITY</b>	<b>PLACE</b>	<b>DEGREE</b>	<b>STATUS</b>
1	Intraspecies genetic variability of <i>Ornithobacterium rhinotracheale</i> in commercial birds	Ysabel Koga Yanagui	San Marcos National University	Lima, 2001	Mg in Microbiology	Sustained
2	Autochthonous plants as nutritional additives, their production and avian marketing	Robert Tinoco Romero	Inca Garcilaso de la Vega University	Lima, 2006	Mg in Marketing and International Commerce	Sustained

**PROJECT TO OBTAIN THE SPECIALITY OF AVIAN SANITATION**

**SPONSORED BY REINMARK GROUP**

**PERIOD 2001-2009**

<b>Nº</b>	<b>THEME</b>	<b>STUDENT</b>	<b>UNIVERSITY</b>	<b>PLACE</b>	<b>DEGREE</b>	<b>STATUS</b>
1	Instalation and feasibility of an avian integration: incubation plant	Fernando De La Cruz Sihuay	Cayetano Heredia University	Lima, 2005	Specialist in Avian Sanitation and Production	Sustained
2	Instalation and feasibility of an avian integration: broiler chickens	Daniel Fernández Tuesta	Cayetano Heredia University	Lima, 2005	Specialist in Avian Sanitation and Production	Sustained
